

## AMERICAN ELOQUENCE VOLUME 4

His sudden tension and immobility, the strained face and inward look, were like those of a woman. "Your bed," she said. "There's no fire in that room. Did you meet weather, up on the mountain? They. Nothing, to his mind, could be more despicable than such a betrayal of their art. So it troubled. In which the name of a thing is the thing. Akbe and the heroes before him, the Eagle Queen, Heru, Akambar who drove the Kargs into the east, mind?" "Step, wiped them dry with the rag that hung on the handle of the pot, picked up the eggs, stood up. "He wanted me to go to the College on Roke to study with the Master Summoner. He was going to send me there. I decided not to go." "What can we do?" said Veil. They went on pressed close side by side for comfort and for the little warmth. They walked slower, her mother, whom nobody knew or honoured or was true to, except herself. Hound smiled. "They haven't undone what you did yet, either," he said. "Old Whiteface was crawling. The town at the bay's head, Thwil, shared something of the uncanniness of the Knoll and the Grove, brought out a small, soft, thick, leather bag that weighed heavy in his hands. He opened it to. "Come with me to the Grove," she said. Only a few steps ahead of them now was the place where underfoot, underground, two or three feet. Grove, only a blur of darkness in darkness now. Then with a rattle like the shaking of sheets of why? Why did it blow against them? wizards. file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (68 of 111) [2/5/2004 12:33:31 AM]. Starving hungry, frustrated, misunderstood, Diamond reached out to hold her again, to make her body understand his body, repeating that first, deep embrace that had held all the years of their lives in it. He found himself standing two feet back, his hands stinging and his ears ringing and his eyes dazzled. The lightning was in Rose's eyes, and her hands sparked as she clenched them. "Never do that again," she whispered. wizardry was an honored art, conferring status and power, while witchery was an unclean and. That had always been his word for evil doings, spells for gain, curses, black magic: "sticky stuff." mines of Earthsea. These miners were free women, not slaves like the workers in the roaster tower. sea, until in a final terrible flight they passed the Dragon's Run and came to the last island of. The treetops stood out more distinctly against the sky; dawn was breaking. I was glad of. long ago. But I chose not to use those arts. I wanted you to trust me enough to tell me your name. "But why did you give up music?" answer his questions about the Grove. But she said nothing, and he was shy and cautious, fearing. harassing him. Later on she would go into the village, have a word with some of the sensible. Day by day, as they talked in the old stableyard of Iria, where they had fallen into the habit of meeting, she asked him and he told her more, though reluctantly, always partially; he shielded his Masters, she thought, trying to defend the bright image of Roke, until one day he gave in to her insistence and spoke freely at last. He had forced them to boil any water they used. Now he said, "If you eat that meat, in a year you'll begin to get dizzy. You'll end with the blind staggers and die as they do." of the Dragonlords, as the tale goes on, the names and exploits of these wizards begin to eclipse. going all untuned and hoarse. Golden had hoped that that was the end of his singing, but the boy. The idea of doing harm troubled her, but the idea of danger had not entered her mind. She found it. file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (38 of 111) [2/5/2004 12:33:31 AM]. "How can you cure when you're sick?" she said. even reach his hand out. It was a horrible sensation, as if his muscles were not his own. He sat. know about Golden's household. His business was none of the witch's business. On the other hand, stride among them rousing them right and left with his knotted rope. The sail was half down, the. him and scuttled into her hut. If he went up to the house he would have to face the pack of. in their midst. The one nearest me -- I saw stupid eyes, whites shining, and trembling lips --. "She will when the time comes. But she has no part to play in your decision, Diamond. Women know nothing of these matters and have nothing to do with them. and would protect her. Then he followed another woman meekly enough. He put on dry clothing she. formed the mouth of the cave, no bigger than a man or a badger needed to crawl through. He crawled. under him were wet, and groped till his hand found water. He drank, and tried to crawl away from. pointed me out to others. I went in. A man in a black undershirt that was actually somewhat. courtesy, and because neither Gully or Otak seemed names well suited to him. An otak, she had. "Silence is not enough, my lord," said one who had not spoken before. To Irian's eyes he was very. her hand on it. Everybody gasped and muttered, "Avert! Avert!" except Tawny's youngest daughter, sought. And they found no one, nothing. So Lebannen judged it to be a prophecy yet to be. "Yes," Irioth said. "I understand. You are a kind woman." She was talking about him, about his not knowing what he was doing. She was forgiving him. "A kind sister," he said. The words were so new to him, words he had never said or thought before, that he thought he had spoken them in the True Speech, which he must not speak. But she only shrugged, with a frowning smile. Magic. lived all their lives in the Grove, served to link human arts and acts to the older sacredness of. "Do you think that's true?" he asked. had planned this conversation. "To enter the Great House: to go through that door." little house near the edge of the Thwilburn that runs out of the Grove, and lived there in the. head, and saw the glow of the city on the clouds. I was surprised, for I had thought that I was. The clouds darkened. Rain passed through the little valley, falling on the dirt and the grass. Above the clouds the sun was descending the western stair of the sky's bright house. Ever since he had walked on the green hill above the town and had seen the bright shadows in the. "The great lode?" Gelluk looked straight at him, their faces not a hand's breadth apart. The light in his bluish eyes was like the soft, crazy shift of quicksilver. "The womb?" woke, always cold, always in pain, always thirsty, and when he could make a glimmer of the light. your risk in this venture?" can't go with her- Can't you go there?" She broke away from Rush, looking again at Tern. "You can. He left her at the corner of the street, a narrow, dull, somehow sly-looking street that slanted up between featureless walls to a wooden door in a higher wall. He had put his spell on her, and she looked

like a man, though she did not feel like one. She and Ivory took each other in their arms, because after all they had been friends, companions, and he had done all this for her. "Courage!" he said, and let her go. She walked up the street and stood before the door. She looked back then, but he was gone..against all his warnings, and now Tangle was never anywhere near the house. Women's friendships.Medra had come to Havnor thinking that because he meant no harm he would do no harm. He had done."Right over there." She pointed to an unoccupied elevation with black-and-silver-striped.with the pines. Some good wood for furniture could be salvaged from them..a dizziness. "Ellu," he would say, and walk to the beast and lay his hands upon it until they felt."Do you hear the words?".After the first outcries and embraces, the servants and his mother sat him right down to.Maharion and Erreth-Akbe became "hearts brothers." They spent ten years together fighting the Kargs, whose occasional forays from the East had in recent times become a slave-taking, colonising invasion. Venway, Torheven and the Torikles, Spevy, Perregal, and parts of Gont were under Kargish dominion for a generation or longer. At Shelieth on Way, Erreth-Akbe worked a great magic against the Kargish forces, who had landed in "a thousand ships" on Waymarsh and were swarming across the mainland. Using an invocation of the Old Powers called the Waterlore (perhaps the same that Elfarran had used on Solea against the Enemy), he turned the waters of the Fountains of Shelieth-sacred springs and pools in the gardens of the Lords of Way-into a flood that swept the invaders back to the seacoast, where Maharion's army awaited them. No ship of the fleet returned to Karego-At..He had not known how tired he was until he came to haven. He spent all that day drowsing before the fire with the grey cat, while Gift went in and out at her work, offering him food several times-poor, coarse food, but he ate it all, slowly, valuing it. Come evening the brother went off, and she said with a sigh, "He'll run up a whole new line of credit at the tavern on the strength of us having a lodger. Not that it's your fault.".She was silent for a moment..Dulse had been unable to answer at all for a while. Then, stammering, guilty at his ingratitude and incredulous at his obstinacy-"Master, I would stay, but my work is on Gont-I wish it was here, with you-".his hand, and rule with his guidance, as Morred ruled. No witches will defile sacred ground. No..mostly older students; there were five or six wizard's staffs among the crowd, and the Master.file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (103 of 111) [2/5/2004 12:33:32 AM].here is of any account. And one day the dragon will come into its strength. If it takes a thousand."We should find shelter and rest," he said.."Have you ever kept goats?" Dulse asked, in the same soft, polite voice.."I was born in Havnor and trained as a shipwright and a sorcerer. I was on a ship bound from

Geath.file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (91 of 111) [2/5/2004 12:33:31 AM].myself could have come up with better. They insisted on one thing only, that each of us fly."You changed yourself?".White faces, yellow, a few tall blacks, but I was still the tallest. People made way for me. High.an illuminated walkway. I took it. Above me the whitish spans of structures sailed by; somewhere.Medra woke in pain, in darkness. For a long time that was all there was. The pain came and went..He went on showing his wares and joking with the women and children. Nobody bought anything. They gazed at the trinkets as if they were treasures. He let them gaze and finger all they would; indeed he let one of the children filch a little mirror of polished brass, seeing it vanish under the ragged shirt and saying nothing. At last he said he must go on, and the children drifted away as he folded up his pack..TERMINAL PARK.."He can keep me poor and stupid and worthless, but he can't keep me nameless!".increase his soldiery and the fleets he sent out to take slaves and plunder from other lands. As.Reluctant, he stepped forward, barefoot and bare-legged; he had rolled up his cloak into his pack an hour ago when the sun came out. Reeds brushed his legs. The mud was soft and sucking under his feet, full of tangling reed-roots. He made no noise as he moved slowly out into the pool, and the circles of ripples from his movement were slight and small. It was shallow for a long way. Then his cautious foot felt no bottom, and he paused..crewman on a fishing boat of the Ebavnor Straits or a trader of the Inmost Sea..DRAGONS.know out of you just with a word or two, and your wits with it. I've seen what old Whiteface.The Master of Iria of Westpool, Birch, didn't own the old house, but he did own the central and..She looked at him. She could not speak. She stood up and after a moment walked out of the stableyard, off across the hill, on the path that went around it halfway up. One of the dogs, her favorite, a big, ugly, heavy-headed hound, followed her. She stopped on the slope above the marshy spring where Rose had named her ten years ago. She stood there; the dog sat down beside her and looked up at her face. No thought was clear in her mind, but words repeated themselves: I could go to Roke and find out who I am..regret her rash invitation, and I wanted to make things easy for her..He saw her now more clearly than he had seen her in the tower. He saw her more clearly than he had ever seen anyone. He saw the thin arms, the swollen joints of elbow and wrist, the childish nape of her neck. It was as if she was with him in the room. It was as if she was in him, as if she was him. She looked at him. He saw her look at him. He saw himself through her eyes.."He wanted me to go to Roke.". "Father does. He saw some of the stuff we were practicing. But he says Hemlock says I should come study with him because it might be dangerous not to. Oh," and Diamond beat his head with his hands.."I learned about this from Ard," he said, and paused again..Roke seemed probable, and the idea of any league or alliance of wizards appalled him more the more.a story we want it to tell, to mean what we want it to mean, it loses its reality, becomes a fake..sped on. I discovered a remarkable thing: there was no sensation of braking or acceleration, as if..When she looked around again Diamond was gone..incredible happened to him: his fur coat wilted before my eyes, collapsed like a punctured."My place, then. It isn't worth taking a gleeder. It's nearby.".those black machines. I was puzzled by this blackout, no doubt intentional, as well as by the.the butterfly fell to the ground, a fragment of brick..He told Birch that he had received a sending from his teacher on Roke, the Master Hand, and must go at once, on what business he could not say, of course, but it should not take long once he was there; a half-month to go, another to return; he would be back well before the Fallows at the

latest. He must ask Master Birch to provide him an advance on his salary to pay for ship-passage and lodging, for a wizard of Roke should not take advantage of people's willingness to give him whatever he needed, but pay his way like an ordinary man. As Birch agreed with this, he had to give Ivory a purse for his journey. It was the first real money he had had in his pocket for years: ten ivory counters carved with the Otter of Shelieth on one side and the Rune of Peace on the other in honour of King Lebannen. "Hello, little namesakes," he told them when he was alone with them. "You and the cheese money will get along nicely." shadows, though looking very ill. "Come on," Gift said, and got him on his feet, and walked slowly. towns full of thieves. Maybe he thought, at first, that on Pendor he had found Morred's Isle, for, pressed, and into my palm fell a colored, translucent tube, slightly warm. I shook it, held it up to. "To see you!" "The next time?" ring, maybe that's nothing compared to what the wizards and the dragonlords can do, but it's not. "There was no place for him among the Masters, since a new Master Summoner had been chosen, a strong man in his prime, not likely to retire or die. Among the scholars and other teachers he had a place of honor, but he wasn't one of the Nine. He'd been passed over. Maybe it wasn't a good thing for him to stay there, always among wizards and mages, among boys learning wizardry, all of them craving power and more power, striving to be strongest. At any rate, as the years went on he became more and more aloof, pursuing his studies in his tower cell apart from others, teaching few students, speaking little. The Summoner would send gifted students to him, but many of the boys there scarcely knew of him. In this isolation he began to practice certain arts that are not well to practice and lead to no good thing..went back down the south road as soon as he'd gulped a pint of beer at the tavern, telling them. behind a city horse, in a city cart, like a prince!" raised both his arms outward and up, very slowly but steadily, unstayed by anything the other man. over that. you are, fire and shadows and curses and falling down in fits. Uncanny. Always was uncanny, that. They were both shy. When Medra took her hand his hand shook, and Ember, whose name was Elehal, turned away scowling. Then she touched his hand very lightly. When he stroked the sleek black flow of her hair she seemed only to endure his touch, and he stopped. When he tried to embrace her she was stiff, rejecting him. Then she turned and, fierce, hasty, awkward, seized him in her arms. It wasn't the first night, nor the first nights, they passed together that gave either of them much pleasure or ease. But they learned from each other, and came through shame and fear into passion. Then their long days in the silence of the woods and their long, starlit nights were joy to them..for him to promise them. "My mastery is here, on Gont," he said, still speaking hardly above a whisper. "My master is Heleth" ..they were dragons." she kept thinking his hair was white, because it was not black..internal quarrels, but the disintegration of the society of the Archipelago worsened as the years. He turned and made for the shore, hasty, careless where he set his feet and not caring if he broke the silence by splashing and breathing hard. He slogged back up the path through the reeds till he reached dry ground and coarse grass, and heard the buzz of midges and crickets. He sat down then on the ground, rather hard, for his legs were shaking..of sorcerers is a bad thing. If you're a sorcerer, a man of power, that is. I am. As the good. moment for me really to see the size of the hall. But was it all one hall? No walls: a glittering. the island, a sea no boat could venture out in.
