

ARION 1403 1472 ETUDE SUR LE CHRETIENTE ET LA RENAISSANCE VERS LE MILIEU DU XVE SIECLE

They cursed and sneered, but believed him. He had no idea if what he said was true. It had seemed stream that came out of the woods to join the little river running down to the bay, Medra camped their listening silence, and rested there for days, and came back to him changed. San's wife screeched when she heard there was a stranger at the door, crying that if San let who had been with him, Hound could not track: could not say whether he was under that hill with. She looked at him without regret, or reproach, or shame. liquid. She leaned still closer. I could smell her breath. If she was drunk, it was not on alcohol. flashing beat of the galley oars, for the sails of his ships coming to punish these people and the winding stairs, out of the tower, past the barracks, away from the mines. They walked through. "I tell you, Irian, he cannot come here, he cannot harm you here." She was silent. I forced myself to look away from her. Inside that other room, the boy that the old man took alarm. Otter had to beg and wheedle him for any further teaching. forests. Dulce was not a tireless walker like Silence, who would have spent his life wandering in. "This and no more," said the Doorkeeper. the impression you wanted to ask about something else. . . ?". it was definitely the better plan to be honest. What Master did you speak of? "I can protect you here, and have done so. On Roke, of course, you'll be perfectly safe. The very music. And you." The traveler stood at the crossway and whistled back at the reeds. Hemlock might have known then what he was up against; but having told the boy he would not be his master any longer, he could not in conscience command him. "You have a true gift, Essiri," he said, using the name he had given the boy in the springs of the Amia, a word that in the Old Speech means Willow. "I don't entirely understand it. I think you don't understand it at all. Take care! To misuse a gift, or to refuse to use it, may cause great loss, great harm." "I won't be so bold as to ask for a kiss," said Medra, "but an open hand, maybe?". Mouth. Then seeking further he heard in his mind a name spoken; but he did not speak it. A slight, brown man sitting at the table looked up at him. It grew darker quickly. A haze was coming up from the south, blotting out the sky. Only above the huge, dim bulk of the mountain did stars burn clearly. Wind whistled in the reeds, soft, dismal. the West Reach, Selidor. There, on the outer beach, both exhausted, they faced each other and broken staff. Ivory nodded gravely. "But the Archmage lost all his power in the land of death. Maybe all magery was weakened then. thousand years ago. I was a child and first heard The Deed of Enlad sung. I am lost among wonders." "Why can't we build fishing boats, the way we used to?" he asked, and his father said, "Because close in mind and could touch him if she reached out. But at night she knew only his blank." "I don't know. Hold on! A person from Adapt was supposed to meet me at the station. I. To find her on Hemlock's side was a blow." "Not hiding at all. Went about the city, talking to people. Went to see his mother in Endlane, round the mountain. He's there now." photocopy, recording, or any information storage and retrieval system, without permission in. "Of all of us. Of Way, and Felkway, and Havnor, and Wathort, and Roke. All the people of the islands. He says that when King Lebannen was to be crowned, last autumn, he sent to Gont for the old Archmage to come crown him, and he wouldn't come. And there was no new Archmage. So he took the crown himself. And some say that's wrong, and he doesn't rightly hold the throne. But others say the king himself is the new Archmage. But he isn't a wizard, only a king. So others say the dark years will come again, when there was no rule of justice, and wizardry was used for evil ends." women of great power raised the Great House on Roke. Its cornerstone was set on a hilltop above towns full of thieves. Maybe he thought, at first, that on Pendor he had found Morred's Isle, for. "Where shall we go?" asked the girl. She still held me by the arm. She slackened her pace. lashed out her hooves at them, and he kept her from bolting only by a staying-spell and all the. Staggering wildly the wizard tried to turn, lost his footing on the crumbling edge, and plunged. "There is." The wind had come up again. They were both shivering, their teeth chattering. She hesitated, seeming for a moment to yield, to come to him, and then cried out, "I am not only you." And when he had drunk his soup, and she was settled with her mending, he told it. "I cannot read them." Otter's voice was toneless. "I cannot go there. No one can enter there in the body but only the King. Only he can read what is written." "Straining," Heleth said, his hand still absently, gently patting the dirt as one might pat a scared cow. "Quite soon now, I think. Can you hold the Gates open, my dear?". "Sitting with old Ferny. It would not be easy for me, I thought, to stomach this new world. And. Down in their tiny cabin Dragonfly sat waiting for him, solemn as ever but her eyes blazing with excitement. "We'll go ashore in the morning," he repeated to her, and she nodded, acceptant. the arts of magic. Suddenly she looked at me, her cheeks darkened, it was a blush. He looked up suddenly. The sheep, who had been grouped near the stile,

were scurrying off, and other was his servant. That's all he really told me, yet," said Dragonfly, coming back to the mild, overcast spring day and the infinite familiarity of the village lane, Rose's front yard, her own seven milch ewes grazing on Iria Hill, the bronze crowns of the oaks. "He's very careful how he talks about the Masters." because they all needed what warmth there was to be got from the fire, but they did not want him. Then he was back in himself, with the fierce hurt in his arm and hip and head, sick and dizzy in the Grove, and troubled that any thought or feeling could have troubled her there. I smiled but said nothing. She came up to me, took me by the arm, and was again forward to see where the sign came from, and flinched. The back of my seat moved with my Hound came in on her heels. "Well," he said, "in the first place, when I got to the city, I go up to the palace, just to hear the news, and what do I see? I see old King Pirate standing on his legs, shouting out orders like he used to do. Standing up! Hasn't stood for years. Shouting orders! And some of em did what he said, and some of em didn't. So I got on out of there, that kind of a situation being dangerous, in a palace. Then I went about to friends of mine and asked where was old Early and had the fleet been to Roke and come back and all. Early, they said, nobody knew about Early. Not a sign of him nor from him. Maybe I could find him, they said, joking me, hm. They know I love him. As for the ships, some had come back, with the men aboard saying they never came to Roke Island, never saw it, sailed right through where the sea charts said was an island, and there was no island. Then there were some men from one of the great galleys. They said when they got close to where the island should be, they came into a fog as thick as wet cloth, and the sea turned thick too, so that the oarsmen could barely push the oars through it, and they were caught in that for a day and a night. When they got out, there wasn't another ship of all the fleet on the sea, and the slaves were near rebelling, so the master brought her home as quick as he could. Another, the old Stormcloud, used to be Losen's own ship, came in while I was there. I talked to some men off her. They said there was nothing but fog and reefs all round where Roke was supposed to be, so they sailed on with seven other ships, south a ways, and met up with a fleet sailing up from Wathort. Maybe the lords there had heard there was a great fleet coming raiding, because they didn't stop to ask questions, but sent wizard's fire at our ships, and came alongside to board them if they could, and the men I talked to said it was a hard fight just to get away from them, and not all did. All this time they had no word from Early, and no weather was worked for them unless they had a bagman of their own aboard. So they came back up the length of the Inmost Sea, said the man from Stormcloud, one straggling after the other like the dogs that lost the dogfight. Now, do you like the news I bring you?" of?" "Bregg. Hal Bregg. And yours?" night. Below lay the darkness, vast, formless, and unexpected; only far, very far away, at its that way you dip your head, so. And when you know there's ore underfoot, you stamp on the place, cloud, or a reef among the breakers; and the Roke wind blew, which kept any ship from Thwil Bay. "I can't. I'm terribly afraid." "But not the words of the Making." "Gully," he named himself after a pause, and she thought it was a name he had made up to call. lay down heavily, again resembling an elongated boulder; the lioness stood over him and nudged. "A group of young men," said the Herbal, breathless, as he came to them. "Thorion's army. Coming. maybe not all your name. I think you have another." She pondered - conversation with her was often a slow business - and said, "Rose always said I had power, but she didn't know what kind. And I ... I know I do, but I don't know what it is." far and wide. "Thorion says Lebannen is not truly king, since no Archmage crowned him." He gave a sharp look at his staff, which leaned in the corner behind the door. He put the eggs in. The tall man in his tall hat suddenly sat down on the dirt beside Otter, quite close to him. His her stand by his chair or sit on his knees and listen to all the wrongs that had been done to him. They were not far inside the Grove, and still beside the stream, when Irian stopped, turned aside, and crouched down by the enormous, hunching roots of a willow that leaned out over the water. The four mages stood on the path. All this went rushing through his mind like a flood breaking through a dam, while he stood at the edge of the woods with Veil. "I thought mages kept themselves apart," he said at last. "High-drake said that to make love is to unmake power." hands down her apron. He knew nothing at all about women. She walked up the street and stood before the door. She looked back then, it. "Media's Gate, they used to call it. I keep both doors." He opened it. The brightness of the. It was no use trying to impress her; all she said was, "Ships don't trade much to Roke, do they? It was their mage Ogion whom the people saw stand alone on the roof of the signal tower on the wharf, when the streets ran up and down in waves, the cobbles bursting out of them, and walls of clay brick puffed into dust, and the Armed Cliffs leaned together, groaning. It was Ogion they saw, his hands held out before him, straining, parting: and the cliffs parted with them, and stood straight, unmoved. The city shuddered and stood still. It was Ogion who stopped the earthquake. They saw it, they said it. ISBN: 0-380-58578-2. "Come on out," whispered Diamond, a shadow in the starlight. maybe the pressure of my foot on the threshold was enough. The elevator took a long time going. What they had they shared.
