

THE FINGERS IN MY HANDS LOS DEDOS DE MIS MANOS

Growing old, Elehal wearied of the passions and questions of the school and was drawn more and more. He went slowly round to the eastern side of the hilltop, bright and warm already with the light of day. He rode down several levels, I think, and, getting off on the street at the bottom, was surprised to see. Summoning the useful Hound to help him, Early had made a very thorough inquiry into what happened. .file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (61 of 111) [2/5/2004 12:33:31 AM].

were coming over in a low, grey mass. It was no use trying to impress her; all she said was, "Ships don't trade much to Roke, do they? Will it take a long time to find one to take us, do you think?" "Learn your place, woman," the mage said with cold passion. "Oh, are you a teller? Oh, why didn't you say so to begin with! Is that what you are then? I. The Hand, a loose-knit league or community concerned principally with the understanding and the ethical use and teaching of magic, was established by men and women on Roke Island about a hundred and fifty years after Maharion's death. Perceiving the Hand as a threat to their hegemony, the mage-warlords of Wathort raided Roke, and killed almost all the grown men of the island. But the Hand had already stretched out to other islands all around the Inmost Sea. As the Women of the Hand, the community survived for centuries, maintaining a tenuous but vigorous network of information, communication, protection, and teaching. .was fond of children and animals. He liked all beautiful things. It was pleasant to have a young. He could no longer see the chambers and passages of the cave as he had seen them with the uncaring, disembodied eye. He could see only what the flicker of werelight showed just around him and before him. As when he had gone through the night with Anieb to her death, each step into the dark. "Irian of Way," the Summoner said in his deep, clear voice, "that there may be peace and order. He turned and made for the shore, hasty, careless where he set his feet and not caring if he broke the silence by splashing and breathing hard. He slogged back up the path through the reeds till he reached dry ground and coarse grass, and heard the buzz of midges and crickets. He sat down then on the ground, rather hard, for his legs were shaking. .wizard, not in apparition but as a presence in his mind. .and looked at me. I stopped in front of him. "Medra," she said. Her sore mouth could not speak clearly. He knelt down and took her hands, looking into her face. .Anieb kept a better pace than seemed possible in a woman so famished and destroyed, walking almost naked in the chill of the rain. All her will was aimed on walking forward; she had nothing else in her mind, not him, not anything. But she was there bodily with him, and he felt her presence as keenly and strangely as when she had come to his summoning. The rain ran down her naked head and body. He made her stop to put on his shirt. He was ashamed of it, for it was filthy, he having worn it all these weeks. She let him pull it over her head and then walked right on. She could not go quickly, but she went steadily, her eyes fixed on the faint cart track they followed, till the night came early under the rain clouds, and they could not see where to set their feet. .sea. Maybe that man, too, had thought he could do no harm. "There are good men there," he said. "Great and wise the Archmage certainly was. But he's gone. And the Masters . . . Some hold aloof, following arcane knowledge, seeking ever more patterns, ever more names, but using their knowledge for nothing. Others hide their ambition under the grey cloak of wisdom. Roke is no longer where power is in Earthsea. That's the Court in Havnor, now. Roke lives on its great past, defended by a thousand spells against the present day. And inside those spell-walls, what is there? Quarrelling ambitions, fear of anything new, fear of young men who challenge the power of the old. And at the centre, nothing. An empty courtyard. The Archmage will never return." A quotation from it stands at the head of A Wizard of Earthsea: "And perhaps because such arts have not the power they once had," he said. He did not know himself. Women who work magic may practice periods of celibacy as well as fasting and other disciplines. Then they were all gone, and he stood alone on the hill, shaken and wondering. And he was easy, he was still, he held fast, rock in rock and earth in earth in the fiery dark of the mountain. .Scattered references and tales from Gont and the Reaches, passages of sacred history in the Kargad Lands and of arcane mystery in the Lore of Palm, long ignored by the scholars of Roke, relate that in the earliest days dragons and human beings were all one kind. Eventually these dragon-people separated into two kinds of being, incompatible in their habits and desires. Perhaps a long geographical separation caused a gradual natural divergence, a differentiation of

species. The Pelnish Lore and the Kargish legends maintain that the separation was deliberate, made by an agreement known as *verw nadan*, Vedurnan, the Division..After a long time, late in the afternoon, old Hound came trudging up the valley. He stopped now and then and sniffed. He sat down on the hillside beside the scar in the ground, resting his tired legs. He studied the ground where some crumbs of fresh dirt lay and the grass was bent. He stroked the bent grass to straighten it. He got to his feet at last, went for a drink of the clear brown water under the willows, and set off down the valley towards the mine..The roasting pit took up the center of a huge domed chamber. Hurrying, sticklike figures black against the blaze shoveled and reshoveled ore onto logs kept in a roaring blaze by great bellows, while others brought fresh logs and worked the bellows sleeves. From the apex of the dome a spiral of chambers rose up into the tower through smoke and fumes. In those chambers, Licky had told him, the vapor of the quicksilver was trapped and condensed, reheated and recondensed, till in the topmost vault the pure metal ran down into a stone trough or bowl-only a drop or two a day, he said, from the low-grade ores they were roasting now.. She would not use the stream water for anything at all, these days..He sought among memories, among shadows, groping over and over through images: the assault on his home in Havnor; the stone cell, and Hound; the brick cell in the barracks and the spell-bonds there; walking with Licky; sitting with Gelluk; the slaves, the fire, the stone stairs winding up through fumes and smoke to the high room in the tower. He had to regain it all, to go through it all, searching. Over and over he stood in that tower room and looked at the woman, and she looked at him. Over and over he walked through the little valley, through the dry grass, through the wizard's fiery visions, with her. Over and over he saw the wizard fall, saw the earth close. He saw the red ridge of the mountain in the dawn. Anieb died while he held her, her ruined face against his arm. He asked her who she was, and what they had done, and how they had done it, but she could not answer him..TARRY'S MALICE had left his nerves raw, and the thought of the party weighed on him till he lost..and forgot about her. The sheep, who had been grouped near the stile, were scurrying off, and someone was coming along the path from the Great House..Often her mind here seemed empty of thought, full of the forest itself, but this day memories came.."Di," she said, and he looked up. "I just sort of found out," said the boy, evidently not sure if his father approved..Ogion, obedient, bringing himself back to himself in the stuffy, tapestried room in Gont Port, did not understand the old man's joke until he turned to the window and saw the Armed Cliffs down at the end of the long bay, the jaws ready to snap shut. And after a longer pause, he told the air something in a language the ship's captain did not understand, and made a gesture that darkened the air about him for an instant.."A fool could sit under the trees forever and grow no wiser.."..growl, like a bear.
