It was painful to leave the mystery for later, but there was nothing to be done about it. They could not bring themselves to uproot the thing, even when five more like it sprouted in the graveyard. There was a new consensus among them to leave the Martian plants and animals alone. Like nervous atheists, most of them didn't believe Song's theories but had an uneasy feeling of trespassing when they went through the gardens. They felt subconsciously that it might be better to leave them alone in case they turned out to be private property. It was two, maybe three months ago in Memphis, in a studio just before rehearsal. Jain had been sitting and reading. She reads quite a lot, though the promotional people downplay it? Alpertron, Ltd, likes to suck the country-girl image for all it's worth. 61. A similar case is that of H. G. Wells's *The Island of Dr. Moreau*, filmed with superbly demonic atmosphere as *Island of Lost Souls* in 1932. Charles Laughton, maybe the best actor yet to appear on film, gives an extraordinary performance as Dr. M., and Bela Lugosi captures the spirit of the beast men as the Speaker of the Law with the abhuman quality that characterized his *Dracula*. Now Burt Lancaster is one of film's most underrated actors, but his straightforward non-intellectual approach to the doctor role undermined the '70s trip to the Island; Richard Basehart didn't help matters by looking like a beneficent Old Testament prophet in the Lugosi role. But even Laughton and Lugosi would have been hard put to come across, with the later film's completely uninteresting script and camerawork. But he was alone in the castle hall. Jack and Lea had already left. Amos ran to the mirror just in time to see them walking away across the green and yellow meadows to the golden castle. Lea leaned her head on Jack's shoulder, and the prince turned to kiss her raven hair, and Amos thought: "Now there are two people living through the happiest moment of their lives." I left to pick up Amanda. "What's his first name?" "You move around a lot?" I sat and watched Detweiler. The trembling had stopped. He was asleep or unconscious. Then he added, "which is more than your friend the wizard did, apparently." Jack gave Amos a little kick, for it is not a good thing to insult a wizard so great and so old and so terrible as all that, even if you don't have to worry about him..in all subjects he wanted to avoid. Major Thorpe, Electronics Intelligence Officer at Brigade H.Q., had read somewhere that spinach and fish were sure remedies for failing eyesight, so he placed Corporal Swley on an intensive diet. But Swley hated spinach and fish even more than he

"I hope your business isn't suffering because of all the time you've spent on me.".110.140.I nodded again, at the same time wondering how Amanda Gail could ever, really, consider herself alone. The acrimonious divorce of former Olympic runner Margot Randall and Senator Charles Christopher Gail had traumatically divided not only Amanda's childhood but her very psyche. Five years ago, when Margot Randall died hi a hovercraft accident and Amanda moved to Washington full-time, it emerged that for most of her childhood, Amanda Selene Gail had been two personalities, Amanda Gail and another calling herself Selene Randall. The revelation, and their decision to remain dissociated, had made them the darlings of the gossip columns.
